--	---

Large complex applications – In accordance with state law, the Commission may hire independent review experts to be paid for the applicant – reference Planning Commission’s written procedure

- * For Erosion and Sediment Control Plan within an Earth Excavation/Fill application, the Earth Excavation/Fill application fees apply.
- ** In cases when a C.A. (site plan) application and fee also have been submitted for properly zoned commercial or industrial building development connected to the excavation/fill, the earth excavation/fill application fee will not apply. However, in such a case, if related C.A. application is withdrawn, the excavation/fill application fee will apply and be paid immediately.
